## CPS-SilcoLock-Vario

**The CPS-SilcoLock-Vario is a community development and patented from Silcoplan Engineering and CPS.**

**It is a quick release skewer for the mail stripping tool for all common flatbed diecutters and carrier plates on the market.**

**In an efficient way it prevents the sagging from the mail stripping form and the consequent loss of stripping deepness.**

**The part can be obtained at CPS under part No. 08**
